Retirement of General Hoyt

Washington, D. C., Oct. 6.—After a long and distinguished career in the United States army, Brigadier General Ralph W. Hoyt was retired today on account of having reached the age limit of 64 years. General Hoyt is a native of the state of New York and graduated from the United States Military Academy in 1872. He served in the Infantry branch of the army and reached the rank of brigadier general on March 18, 1910. For some time past he was in command of the Department of the Lakes.

The vacancy caused by the retirement of Brigadier General Hoyt has been filled by the promotion to the brigadier generalship of Colonel Charles J. Bailey, of the Coast Artillery

Corps, commanding at Fort Worden, Wash. Gen. Bailey was born in Pennsylvania and was graduated from West Point in June, 1880. His entire service has been in the artillery arm. For several years he was stationed at the War Department as assistant to the chief of the coast artillery.

FEDERALS MUST NOT CROSS LINE

UNITED STATES GOVERNMENT PUTS BOTH Factions ON SAME FOOTING.

Eagle Pass, Tex., Oct. 8.—The attitude of the Washington authorities with reference to the standing of the new Federal government now in control of the Piedras Negras was brought out this afternoon when the application of Gen. Maas for permission to pass through American territory was refused without other explanation than that the Federals would be treated, in the future, in the same manner as the constitutionalists.

The clash between the government of President Huerta and the authorities at Washington came when Gen. Maas, in a communication delivered by the federal consul in Eagle Pass, demanded in the name of a country with which the United States was at peace, the right to proceed through Texas with a staff of twelve men for the purpose of consulting with the Mexican authorities at Nuevo Laredo.

Although the documents were framed in the polite language usual in Spanish diplomatic intercourse, it was made known to the American government that the federals would demand privileges not previously accorded to the Carrancistas and when the reply was received from Washington, denying the application of Gen. Maas, there was great indignation manifested among his officers on the Mexican side. Although the text of Washington's answer to the request was withheld from publication, it is said to have curiously informed the Mexican federal officers that the laws of the United States would be upheld and the General and his army would be considered on the same footing as the Carrancistas under similar circumstances.

At a meeting of the American military authorities under the supervision of Col. Carleton it was decided that clothing purchased on behalf of the federals came under the order forbidding the exportation of contraband of war despite the fact that United States Commissioner Bonnet had ruled to the contrary. With the arrival of the federals, agents have purchased a large amount of supplies from local merchants and the military authorities will hold these up as soon as an attempt is made to pass the international bridge.

In speaking for the military branch of the government, Capt. Biegler said this afternoon that the federals would be accorded no privileges not previously allowed the Constitutionalists and that all persons passing the boundary would be subject to search as in the past.

"As far as the exporting of goods is concerned the situation remains unchanged regardless of the demands of Gen. Maas or anybody else. Because they call themselves representatives of the government does not absolve them from obeying the orders of President Wilson as laid down in his recent message to Congress," said the Captain.

L. O. O. F. GRAND LODGE ADJOURS

Oklahoma City, Ok., Oct. 9.—More than seven hundred delegates to the third annual sessions of the grand lodge I. O. O. F. and assembly of Rebekah will make a visit Thursday to the Odd Fellows Orphan home at Carmen. More than six hundred tickets had been sold here Wednesday night and reports from El Reno stated that two cars would be required there to pick up the party assembling there.

The special train will leave here at 7:30 a. m. Thursday and will return about 11 p. m. This schedule will give about three hours for visiting the Carmen home.

The regular session of both orders closed here Wednesday with the election and installation of new officers for the coming year. Tulsa was chosen as the next meeting place. The grand lodge and the assembly will meet there on the first Tuesday in October, 1914.

C. A. Skeen of Wapanucka was chosen as the grand master for the next year. A. S. J. Shaw of Altus was elected as deputy grand master. The other officers elected were: Dr. E. B. Norvell of Wynnewood, grand warden; G. W. Bruce of Guthrie, grand secretary; G. W. Schlegel of Chandler, grand treasurer; J. B. A. Robertson and Oliver C. Black of Oklahoma City, grand representatives; E. E. Westfall of Chickasha, grand trustee, and B. L. Akins of Stillwater member of the home board. J. C. Powers of Oklahoma City was appointed grand marshal.

The lobby of the Lee-Huckins hotel was crowded Wednesday night with delegates lined up to receive their money for per diem salaries and mileage. The payment was made by the courtesy of the officers of the Traders' State Bank, as the warrants had been issued to delegates after banking hours. The Traders' bank officials drew out \$10,000 in cash and paid it out on the warrants in the clerk's office of the hotel.

Wednesday was the last day of the Rebekah assembly and the entire morning was devoted to the election of officers which resulted in Estelle La Fayette of Checotah being made president; Stella M. Bebe of this city, vice president; Veda C. Pemberton of Kingfisher, warden; Ida C. Courtney of Copan, secretary; Mary M. McNeese of Marlow, re-elected treasurer; Cora Meeker of Sapulpa, trustee, and Cora S. Brown of Waukomis, member of home board.

Immediately after noon the above officers were installed and the last of the committee reports were heard. At the evening session the degree work was conducted by the Cherokee and by the Lennard No. 56 of the city.

Gibson Trial to Go on.

Goshen, N. Y., Oct. 9.—The case of Lawyer Burton W. Gibson, who has been tried twice by Orange County juries on the charge of causing the death of Mrs. Rosa Seabrook in Greenwood Lake on July 16, 1912, was scheduled for trial for the third time at the term of the Supreme Court which will convene here next week. It is generally understood, however, that by agreement of counsel the case will be permitted to go over until December or later. Despite the fact that he has been confined in jail for more than a year Gibson is in excellent health. He receives weekly visits from his wife and from his attorneys. He expresses confidence in the belief that his innocence of the crime charged against him will be completely established at his next trial.

By H. B. B.

Mr. Ben Hester of Claremore and Dr. Fite of Muskogee, both members of the state Board of Education arrived unexpectedly yesterday to inspect the school. Both gentlemen made talks in chapel and seemed well pleased with the school.

The training school tests are underway and in several days Director Perkins will make a report in a few days.

The Y. W. and Y. M. C. A. Bible study meeting did not meet yesterday on account of the chapel meeting but will meet today.

Mrs. Fiske Seen in the Movies.

Mrs. Harrison Grey Fiske yesterday made her first appearance as a motion picture actress when the five-part production of "Tess of the D'Urbervilles," in which she achieved success on the speaking stage, put out in film form by the Famous Players Film company, was given a private exhibition at the Lyceum theatre.

The exhibition was an important one. Not only did it mark the entrance into motion pictures of one of America's foremost actresses but it was attended by actors and actresses present at the invitation of Daniel Frohman to see the motion picture made by the Famous Players.

Mrs. Fiske, of course, really was the picture. Her fame and the fame of Tess of the D'Urbervilles, added weight to an otherwise exceptionally good film. Her fame as a legitimate actress certainly will not be dimmed by her first appearance on the screen.

Shooting Bee at Mince.

Chickasha, Ok., Oct. 9.—Heiman Sturm, arrested at Minco on charge of shooting Jake Horn, was brought here yesterday and his bond was fixed at \$2500 for his appearance before the district court, preliminary hearing being waived.

According to reports, Horn went to the home of his divorced wife, Mrs. Cordia Hughes, Sunday evening, and threatened to shoot Sturm, who was boarding there. It is said that Horn kicked in the door and pointed his weapon at Sturm, ordering him not to move, whereupon the latter opened fire, sending a bullet through Horn's breast.

The latter's wound is considered dangerous. He had been separated from his wife a year. It is said that he had previously warned Sturm that he must quit boarding with Mrs. Hughes.

PUBLIC HEALTH DEPARTMENT

There is a healthy growth of sentiment in Oklahoma in favor of a greater regard for sanitation about food supply houses. Only a few years ago the grocers of the state were extremely lax in the protection given perishable food; screens were considered a luxury and sidewalk displays open to flies, dust and dogs were the general rule. Public sentiment has done much to aid the State Food and Drug Division in the enforcement of sanitary regulations. The dirty food dealer has discovered that the new order of things demands cleanliness and care.

Recently Dr. Harvey W. Wiley, the noted pure food expert who is now engaged in extending his teachings through the medium of a magazine, communicated to the State Food Division the result of a poll of women of Oklahoma on several subjects of vital importance to public health. He asked that the women vote for the food reform most desired. Among the number suggested were inspection of all meat supplies and the wrapping of individual loaves of bread at the bakery. The returns from Oklahoma show a decided majority in favor of bread wrapping. This reform has within a year, become almost nation-wide. Within the past few weeks a woman's club in Oklahoma voted to boycott bakers in their town unless they wrapped bread in paraffine coated paper immediately after baking. The time is coming when wrapped bread will be considered clean bread and no baker will withstand the demand of his patrons for this protection.

Visitors at the State Fair found the red lemonade vendor selling his wares under a sign which told the public that artificial colors were used. This is as far as the law will permit health officers to regulate the sale of highly colored beverages. Attention is given to the colors themselves to prevent the use of poisonous products. Dealers are required to prominently display signs admitting the use of artificial colors—yet even this warning does not seem to temper the public thirst for the drinks of various hues.

Druggists of Oklahoma are decidedly lax in the care and compounding of

use of the ordinary drugs. During the past year over 1000 samples of these 24 iodine have been collected which were standard. Lack of care in the use of these drugs affects the elements in causing the State Food and Drug Division to again warn the pharmacists that prosecution will result unless the consumers are protected. The danger of using an adulterated drug is seemingly not fully appreciated. When a physician prescribes for a patient it is necessary that all ingredients be of recognized standard in order to secure results.

Come to Study American Prisons.
New York, Oct. 9.—The four commissioners appointed by the German Government and sent to this country to make a thorough study of American prisons are due to arrive here before the end of the week and everything is in readiness to receive them. Orlando F. Lewis, the general secretary of the Prison Association of New York, who was asked by the German government to arrange the itinerary for the commissioners, has completed his plans and arrangements and under his guidance the visitors will make a rapid tour of about 2,000 miles and will be given an opportunity to inspect the best and also the worst of the American penal and reformatory institutions.

MAY BE VALUABLE**

The Stonewall News states that W. H. Shumard, a farmer living south of Stonewall has made a discovery that may prove valuable. He has discovered a five foot of brown ochre, which has been pronounced of high quality. This material forms the base for the manufacture of paint and it is the intention of Mr. Shumard to organize a company and develop his find.

**MRS. REUTER GETS
A NEW TRIAL**

Bartlesville, Ok., Oct. 8.—Laura M. Reuter of Tulsa, convicted in the District Court at Bartlesville last week of having taken a part in the plot to murder her husband, a Tulsa attorney, was today granted a new trial by Judge Henry Hudson before whom the case was tried on the ground that the state's evidence did not sufficiently corroborate the testimony of "Bud" Bell, confessed participant in the conspiracy.

In his opinion Judge Hudson declared that the jurors would never have arrived at a verdict of guilty had it not been for the closing argument of state's attorney Pat Malloy, which, he said, was the most convincing argument of the kind he ever heard. A crowded court room was present when the motion was granted and loud cheers and applause greeted the decision of the judge.

Albany, N. Y., Oct. 8.—Without calling either Gov. Sulzer or his wife to the witness stand, his counsel today rested their case in the trial of his impeachment. According to D. Cody Herrick, chief of his attorneys, Gov. Sulzer desired not to defend himself in person because he did not want to be placed in the position of shielding himself behind his wife—for it was for Mrs. Sulzer, according to the testimony, that the Governor had his Wall street dealings.

Judge Herrick said tonight Gov. Sulzer had heard from many quarters including Washington, that "any man who would shield himself behind his wife ought to be removed."

Tomorrow and Friday will be devoted to summing up the case by the opposing counsel. Monday next being a holiday, adjournment probably will be taken until Tuesday, when it is expected the verdict on the Governor's guilt or innocence will be reached.

Friends of the Governor tonight pictured him as a man who had martyred himself for the sake of his wife. Judge Herrick pointed out that the testimony yesterday of Allan A. Ryan best disclosed the reason why the governor had not taken the stand. This was the conversation which Ryan said he had with the impeached Executive early in September in relation to obtaining political influence to stop the trial.

"I suggested to Mr. Sulzer," Ryan's testimony ran, "now that certain charges had been made against him that I did not see how he could afford to put himself in a position in which he could not answer the charges. He said that the reason was that he did not want to drag his wife into the situation and put her on the stand."

The sudden announcement that the case for the defense was closed, which came late in the afternoon, created a profound sensation in the courtroom. Only a few days after the trial began Gov. Sulzer told newspaper men that he would positively appear in his own defense. He said that at that time he would tell "an astounding story" that would force Charles F. Murphy, leader of Tammany Hall, to take the stand in his defense also. Up until a few days ago, it was learned from authoritative sources tonight, the Governor was still insistent that he be allowed to tell his story, but he finally yielded it was said, to the advice of his attorney.
